

Collective Intelligence in the Round™

A meeting of the minds on stem cell healing™

Collaborative Workshop on Stem Cell Healing & Healthcare September 20, 2005; 4:00 - 9:00 PM

Cosponsored by the New Jersey Institute of Technology, Center for Applied Genomics of the Public Health Research Institute, New Jersey Medical School of the University of Medicine & Dentistry of New Jersey, Coriell Institute for Medical Research and the New Jersey Stem Cell Research & Education Foundation

WHAT IT IS:

- ✍ A forum for members of the broader community to collectively explore and express ideas, opportunities, challenges and issues at the forefront of stem cell research, education, business, medicine & law
- ✍ Two distinct collaborative workshops on healing & healthcare in the era of regenerative medicine
4:00 - 6:00 pm
7:00 - 9:00 pm (Guests may participate in either or both workshops. Each will be unique.)
- ✍ Experiential activities guided by leaders in stem cell science, business, education, healing & healthcare
- ✍ Networking and partnering discussions among students, faculty, entrepreneurs, sponsors and guests
- ✍ Collective intelligence at the crossroads of art, science, technology, business, education & healthcare

REGISTRATION (FREE): Send email to stemcell@proposalab.com; cubic@stemcellhealing.org
